Mr. Chris Muehlberger
U.S. Environmental Protection Agency
Region VII
901 North 5th Street
Kansas City, KS 66101

**Re: Request for Information Pursuant to Section 308 of the Clear Water Act
Crystal City/Coleman Drilling**

Dear Mr. Muehlberger:

This is in response to correspondence from the United States Environmental Protection Agency (USEPA) received by Ameren Missouri on April 10, 2012. In that request, USEPA seeks copies of correspondence by and between Ameren and Kleinschmidt Trucking, Rotary Drilling Supply, Inc., Darriel Coleman and Mineral Resource Technologies, Inc. regarding the General Beneficial Use Exemption issued to Ameren Energy Fuels and Services. In addition, USEPA seeks correspondence referencing Darriel Coleman and Rotary Drilling.

Ameren has reviewed its files, and while that search is ongoing, the Company believes that in prior responses, it has provided USEPA with all correspondence relating to this matter. Company representatives recall a verbal discussion with Kleinschmidt Trucking wherein a copy of the GBU was provided. In addition, a copy of Ameren's GBU was also provided via email communication. A copy of that email is provided. In the event we discover additional materials responsive to this request, we will provide same.

Very truly yours,

A handwritten signature in blue ink, appearing to read "Susan B. Knowles", is written over the typed name.

Susan B. Knowles
